Kelley, David: Here is an advance copy of the petition response to the challenge on the Texas CSAPR Better Than BART action. As indicated in Pam's note, the signature version is forthcoming, but I'm sharing this now in case you want to get a head start on your review. Or, you can just wait for the signature version, which will be coming next week. Thank you.

Mike

Attached is the draft denial response to the TX CSAPR Better Than BART Petition for your review and to forward to OAR to get their feedback on the draft before the formal signature package is submitted. The NOA FR notice is still under review and will be forthcoming next week. This response letter and the NOA FR needs to be signed at the same time as Region 6's TX BART FIP Affirmation Final Rule targeted for signature on 6/30.

I am also attaching the incoming 9/29/17 petition.

Let us know if you have any edits or questions and also when you send this to OAR for their review for tracking purposes. Thank you.
